

## SL28

20W/30W/40W  
(Supplied Without Pole)

This compact, integrated, all-in-one solar area light is offered with a choice of 20W, 30W, or 40W LED power options. The user or installer can choose from three different selectable operating modes using the IR remote control (included). This fixture features an integrated solar panel mounted discretely into the upper side and powerful LED modules on the underside, including a motion sensor. Designed for installation onto the side of an existing 3" OD round pole, a large square post, or to a flat, vertical surface.

Asymmetric optical technology allows light to be directed forwards.

IES and lighting distribution data available for 20W, 30W, and 40W Models.

**Li** **Lithium Iron**  
Lithium POWER TECHNOLOGY

Utilizes super-efficient high-output Phillips SMD LED technology.

Complete 3D lighting renderings available for your application.

## SL28

20W/30W/40W  
(Supplied Without Pole)

### LUMINAIRE

- At full power (100% output) the 20W lamp emits 2,600 lm, 30W emits 3,900 lm, and the 40W emits 5,200 lm
- 5,500~6,000K LED color temperature
- Aluminum construction
- Fitted with a passive infra-red motion sensor
- IP65 weather rating
- Dimensions: 45" x 13" x 2" (115cm x 33cm x 5cm)

### SOLAR PANEL

- 20W model is supplied with a 50 Watt solar panel
- 30W and 40W model is supplied with a 60 Watt solar panel
- Glass covered solar panel is integrated into the top of the fixture

### BATTERY

- 12.8V 58Ah Lithium battery pack included and pre-installed within unit
- Long life battery is replaceable when required

### CHARGE CONTROL

- MPPT charge controller for maximum efficiency
- Internal battery over-charge and dis-charge protection
- Automatic light activation at dusk and dawn
