

# FL56

## FL56 Solar LED Sign Light System (1 Fixture)

This compact solar sign light is perfect for illuminating signs up to 4' x 4'. The lamp emits 150 lumens at 2700K and is designed to be installed above the sign to illuminate below. The system is supplied with the luminaire, solar panel, rechargeable battery, battery enclosure, programmable charge controller, and necessary cables and hardware. The system has the ability to operate from dusk to dawn subject to installation location, as well as solar panel and battery capacity selected. An MPPT charge controller can be purchased as an optional upgrade which improves solar charging efficiency, and offers addition light control features including a dual timer setting.

### LUMINAIRE

- 150 lumens
- Warm white light output (2700K)
- IP65 rated
- 10' 10" (3m) of pre-wired and pre-plugged cable
- Aluminum and plastic construction
- Adjustable angle lamp up to 30°
- Extension arm dimensions: 9" long x 1.5" (23cm x 14cm)
- Lamp dimensions: 13.5" long x .5" wide (34cm x 1.5cm)
