

RB06 Replacement Rechargeable Battery (For SL Series)

TECHNICAL SPECIFICATIONS

GENERAL

- This is a sealed lead acid battery suited for our SL01, SL02 and SL03 series of street lights. Please select the capacity required depending upon your fixture product code. If in any doubt please email, call or check the battery in your fixture to see its specifications. We recommend that the battery in these street lights, is replaced every 2-4 years approximately, depending upon climate and usage etc. When replacing batteries in dual-battery systems, both batteries should be replaced at the same time. The original SL01 used a 12v 50 Amp/Hr battery but for since then uses a 100 Amp/Hr or 120 Amp/Hr battery. The SL03 uses a 12v 65 Amp/Hr battery although it can sometimes be supplied with (and accepts) a 12v 60 Amp/Hr or 12v 70 Amp/Hr battery. Due to the nature of this product and its weight, ground shipping only. All batteries are offered as all sales final and are non-returnable & non-refundable.
-
- PRICE LIST & OPTIONS
- 12 Volt 50 Amp/Hr \$79.99
- 12 Volt 65 Amp/Hr \$149.99
- 12 Volt 100 Amp/Hr \$229.99
- 12 Volt 120 Amp/Hr \$279.99
-
- Please note all batteries and light bulbs are non-returnable/non-refundable products.
- Batteries are sold in single units (order as many or as little as you need without quantity restrictions) and are therefore not packaged in retail cartons.
- Ground shipping only.
- Please see product description for details.
- Time length of night time illumination is estimated and subject to various factors including geographic location, seasons, weather conditions & location of product etc.
- Shorter illumination time due to one or more of the above factors does not define the fixture as being defective or define the fixture as being advertised incorrectly.
- We advertise and supply our solar lights to customers all over the world are therefore, naturally, we are unable to guarantee the nightly illumination time as it can vary and any time stated is quoted as 'up to' x amount hours.
- Minor errors & omissions must be accepted.
- Although unlikely, we reserve the right to supply this product with any minor alterations or minor changes to the specifications (shown above by text description or by photographs) due to different supplies or product batches received, incorporating such product changes made by the manufacturer, without further notice.
- Descriptions, specifications and photographs are updated regularly but may not be current when minor changes to a product have only recently been made.
- All solar lights must be used in a completely dark location at night time otherwise they may not illuminate. Nearby strong lighting sources or ambient lighting may affect the operation of a solar light. This does not define the fixture as being defective.
