

FL13

Solar Panel 'Heavy Duty Clamp Attachment' Kit

TECHNICAL SPECIFICATIONS

Manufactured in an ISO9001:2000 'Quality Assured' facility.

GENERAL

- Steel clamp attachment kit for our 6w, 7w, 10w, 14w, and 20w solar panels.
- For solar panels supplied with our FLO5, FLO6 light kits, as well as other light systems.
- Grey painted finish.
- Easy to install.
- Fits almost any round pole or round post up to 4", 5", or 6" diameter.
- Simply clamps and locks around a pole or post.
- Can be fixed to almost any flat surface without the use of the banding pieces.
- Can be attached to a square sided post.
- Can be attached to a larger diameter pole or post directly, by removing the banding or using larger banding.
- Solar panel mount is off the T-bar section and allows for different sized solar panels.
- Swivel joint allows the solar panel to be appropriately angled (typically approx 45 degrees).
- Length of support arm is approx. 17".
- Nuts, bolts and washers included for standard installation.
